An Official Summary of Product & Company News from Fulham!

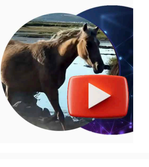
Greetings and thank you for taking a moment to catch up on Fulham's most notable company and product news of the quarter, plus a look to the future!

First the Fun...
Highlighted "Video of the Quarter"

The chosen video* of this Illuminations centers around the Year of the Fire Horse and the intense energy that is characteristic of this sign of the Zodiac. It offers 3 feng shui tips to keep grounded throughout 2026.

Consider submitting an *original* video for use in future Illuminations. Email updates@fulham.com!

*Fulham is neither associated with, nor does it endorse, the owner of this video.



LEDucation is Here!

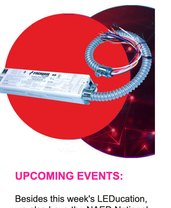
Come visit us this Tuesday and Wednesday at LEDucation in the New York Hilton Midtown!

We're in the Warshaw agent are in Rhinelander Hall at Booth 6239!

We'll have a variety of useful Emergency, Retrofit and other innovative lighting solutions on display! Come say hello!

Register for our April 24th, 11a PST/2p EST Webinar!
Microinverters Explained

Our FireHorse family of 12W, 25W and 50W micro-inverters have distinctive attributes worthy of a deep dive! We're prepared to fully explore their uses and applications with you on a Zoom webinar, and to answer your questions live. Register here today!



UPCOMING EVENTS:

Besides this week's LEDucation, we also have the NAED National Meeting in Orlando in May, and we have June's NFPA show in Las Vegas.

For details, click here!

Reminder! Competitively Priced Constant Voltage Cold Temp & Cove Lighting Drivers!

Our 12V & 24V constant voltage LED drivers, marketed under the IceHorse (refrigeration) / EdgeHorse (cove lighting) brands, have relatively small form factors to tuck into areas where some others may not be able to physically fit. In stock and available! Dimming and non-dimming models... Click here for details

Coming Soon! New & Improved DirectAC LED Engines

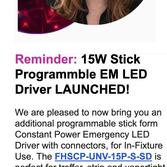
2026 will mark the introduction of a new line of DirectAC LED engines to replace some current models. Power and CCT Selectability.

Bookmark this page, and revisit soon for more details.

Never forget Fulham's mainstay fluorescent ballasts!

Although we see fluorescent *lamps* being phased out in various areas of the U.S., replacement ballasts are still necessary for servicing existing ones in the field.

We encourage adoption of our LED Drivers, but if fluorescent is what you need, we may be your answer! Click Here for our entire fluorescent ballast portfolio.



Please Welcome Our New Distribution Key Account Manager, Eastern Region

Fulham is pleased to introduce Farrah Pileggi as the latest addition to Fulham's Distribution Sales Team. Her title is Distribution Key Account Manager and covers the Eastern U.S.

Contact her at fpilegggi@fulham.com or instantly book a meeting with her here!

Reminder: 15W Stick Programmble EM LED Driver LAUNCHED!

We are pleased to now bring you an additional programmable stick form Constant Power Emergency LED Driver with connectors, for In-Fixture Use. The FHSCP-UNV-15P-S-SD is perfect for troffer, strip and vaportight fixtures.

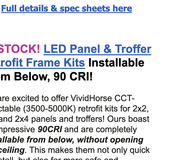
Reminder: 14" Round LED Retrofit Kit for Garage & Gas Station Canopies

Our round Vizion UNV LED retrofit kit is an ideal replacement for applications using 70-250W HID, such as parking garage fixtures and gas station canopy fixtures.

More details are available here now!

Reminder: WorkHorse Constant Current (WHCC) Class 2 Programmable IP66 Drivers Available

We've released two new outdoor WorkHorse WHCC drivers. IP66, Type HL for dry and damp locations. 0-10V Dimming from 100%-10%. Output Voltage Range: 28-56VDC. Small for their performance (5.71" x 2.6" x 1.44"). Output current ranges of 350-2100 and 350-2670mA, respectively. Full details & spec sheets here



IN STOCK! LED Panel & Troffer Retrofit Frame Kits Installable From Below, 90 CRI!

We are excited to offer VividHorse CCT-selectable (3500-5000K) retrofit kits for 2x2, 1x4 and 2x4 panels and troffers! Ours boast an impressive ***90CRI*** and are completely ***installable from below, without opening the ceiling***. This makes them not only quick to install, but also far more safe and convenient by avoiding any harmful older building materials in the ceiling that may also need to be disposed of properly if discovered.
