

Q2 2025

An Official Summary of Product & Company News from [Fulham!](#)

Greetings and thank you for taking a moment to catch up on Fulham's most notable company and product news of the quarter!

First the Fun... Highlighted "Video of the Quarter"

Our chosen video* wins for **HUMOR**. This YouTube video is called "[Can you watch this video without laughing at these funny horses?](#)"... See if you agree!

Consider submitting an *original* video for use in future Illuminations. Email [updates@fulham.com!](mailto:updates@fulham.com)

*Fulham is neither associated with, nor does it endorse, the owner of this video.

Please Plan Ahead!

With the continued uncertainty of possible tariffs looming on some

imports, we are recommending to place orders as soon as you can.

There could ultimately be a future cost associated with waiting, that you might have avoided by ordering now.

Launched! New CP EM LED Drivers *WITH* Conduit

Our latest, updated FireHorse HotSpot constant power emergency LED drivers with conduit are here!

Perfect for in-field installation and for stock & flow at Distribution. [Click here for more information](#)

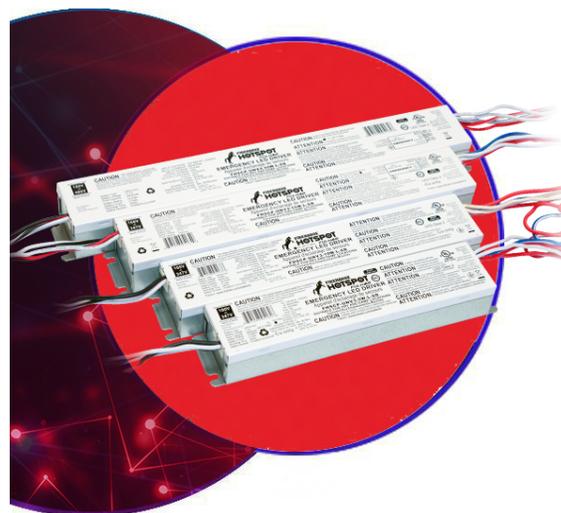

In stock now!

IMMINENTLY LAUNCHING (in approx 2-3 weeks):

A similar series of constant power emergency LED drivers **WITHOUT** conduit, for in-fixture use or installation on the non-visible backsides of fixtures, such as troopers or LED panels. Small form factor for versatility.

Be on the lookout for added details!

New! Constant Voltage Cold Temp & Cove Lighting Driver!

We also updated our non-dimmable 24V constant voltage LED driver. The new driver, marketed under the IceHorse/

EdgeHorse brands, for either cold temp or cove lighting applications, replaces a ThoroLED item that was longer. The new one is able to tuck into areas that the prior may not have been able to physically fit. [Click here for details](#)

Thank You for a Successful NFPA Show! Nice to See You!

Thank you to all who joined Fulham at the NFPA tradeshow! When do you think of emergency Lighting solutions, think of Fulham first! We had some great meetings, particularly with our hex model partner who provides the remote reporting capability for our 50W Micro-inverter solution.

[Learn about that here!](#)

More Tradeshows Upcoming! Mark Your Calendars!

Mark your calendar for Fulham at the NECA tradeshow in Chicago in September! We will also appear at Rep shows in Minnesota in San Diego, as well as the nalnvo show in Iowa .

[Our event calendar for all details is right here!](#)

Avoid FOMO! Take advantage of the Distribution Summer Sale!

Don't miss out on what's left of the Fulham distribution summer sale! There are select items in certain product, families and categories that are discounted right now, for a limited time. These include common, every day items that you may already be purchasing, so there's no reason not to

take advantage. Don't miss out! These deals will not last forever. [Contact your DST Representative today!](#)

Expanded Distribution Support! Meet the Team!

Our distribution team has expanded to meet your needs more attentively and more urgently than ever before! Use dstsales@fulham.com for inside sales support questions, as well as your regular distribution RSM. [This handy reference PDF outlines the full team!](#)

Be on the Lookout for our next Webinar Invite! Micro-Inverters!

Please be on the lookout for an invitation to our next webinar about our expanding line of Emergency Micro-Inverters for use with any technology type!

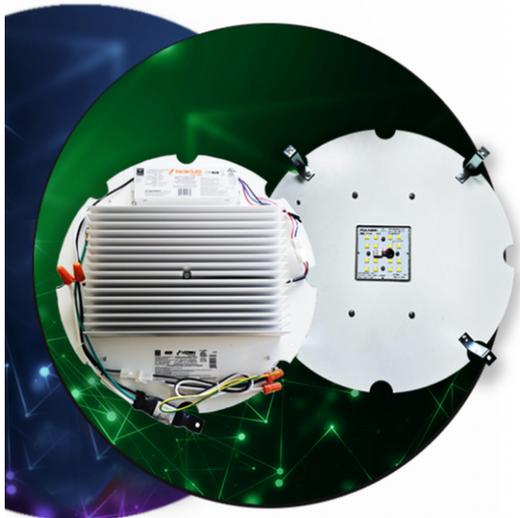

If you want to be sure not to miss it, send an email to updates@fulham.com to be notified.

Reminder: 15W Stick Programmable EM LED Driver LAUNCHED!

We are pleased to now bring you an additional programmable stick form Constant Power Emergency LED Driver with connectors, for In-Fixture Use. The [FHSCP-UNV-15P-S-SD](#) is perfect for troffer, strip and vaportight fixtures.

[Click here for added details today!](#)

Reminder: 14" Round LED Retrofit Kit for Garage & Gas Station Canopies

Our new round Vizion UNV LED retrofit kit is an ideal replacement for applications using 70-250W HID, such as parking garage fixtures and gas station canopy fixtures.

[More details are available here now!](#)

Reminder: WorkHorse Constant Current (WHCC) Class 2 Programmable IP66 Drivers *Launched!*

We've released two new [outdoor WorkHorse WHCC drivers](#). IP66, Type HL for dry and damp locations. 0-10V Dimming from 100%-10%. Output Voltage Range: 28-56VDC. Small for their performance (5.71" x 2.6" x 1.44")! Output current ranges of 350-2100 and 350-2670mA, respectively. [Full details & spec sheets here](#)

IN STOCK! [LED Panel & Troffer Retrofit Frame Kits](#) Installable From Below, 90 CRI!

We are excited to offer VividHorse CCT-selectable (3500-5000K) retrofit kits for 2x2, 1x4 and 2x4 panels and troffers! Ours boast an impressive **90CRI** and are completely **installable from below, without opening the ceiling**. This makes them not only quick to install, but also far more safe and convenient by avoiding any harmful older

building materials in the ceiling that may also need to be disposed of properly if discovered. [Click here for info](#)

Smallest 4W Constant Power EM Driver! [Watch the Video!](#)

[Click here for details](#) about this mini Fulham HotSpot in-fixture 4W Emergency Driver with integrated battery, part number [FHSCP-UNV-4W-L](#). Smallest in the industry at just 1.01"x1.69"x5.32"! Recommended applications include troffers, strips, canopies, wall packs, vapor-tight fixtures and anyplace where adding EM capability requires the ability to fit a tiny item inside the fixture! [Video here](#)

Don't See It? We can make it! Custom Product Development: [Watch the Video Here](#)

By leveraging Fulham's Global R&D team and extensive library of Essential technology platforms, Fulham's capabilities can speed your time to market while lowering engineering investments in new products – [especially LED Modules!](#)
