

# GET BACK IN THE SADDLE WITH **FULHAM**

As re-opening carefully occurs nationwide and facilities need emergency lighting maintenance for safe operation, Fulham is there for you with field-installable HotSpot Constant Power LED Emergency Drivers!

These EM Drivers provide backup power to a luminaire's LED modules for at least 90 minutes. The cULus Classified driver is designed for flexibility, with multiple mounting options, a conduit feed, and an illuminated test switch.
