

Q2 2022 | Volume 33

Welcome to the Q2 2022 edition of *Illuminations*, the official source for product and company updates from [Fulham](#). Be sure to use the links at the bottom to connect with us on social media, and [visit fulham.com](#) for past issues of *Illuminations* or additional details.

**First the Fun...**  
**Highlighted 'Video of the Quarter'**

Our chosen "Video of the Quarter\*" wins for **EXCITEMENT**. Have a look at these amazing horses race in slow motion! > [https://youtu.be/UfuI\\_TiKDYI?t=251](https://youtu.be/UfuI_TiKDYI?t=251)

Considering submitting an *original* video for use in future months. Email [updates@fulham.com](mailto:updates@fulham.com)!

\*Fulham is neither associated with, nor does it endorse, the poster/owner of this video.

**CONTINUE Securing Supply by**  
**ORDERING EARLY**

The best advice we continue to offer to circumvent

supply chain issues is to order ahead.

Also, consider **PROGRAMMABLE** items as *versatile stand-ins* for dedicated ones!

- 1) [Programmable EM combo units in stock](#)
- 2) [Programmable WorkHorse LED drivers](#)
- 3) [Programmable SunHorse UV Ballasts \(15P & 4P\)](#)
- 4) [Programmable Constant Current ThoroLED drivers](#)

Thank You for making **LightFair** a  
**SUCCESS – Nice to see you**

LFI in Vegas was a refreshing change to break up ZOOM fatigue and achieve a little pre-pandemic normalcy. **So good to see you!**

[Click here for OEM Team contact info](#)  
[Click here for Distribution Team contact info](#)

[Click here for info about next trade show\(s\)](#)

Always Double-Check **ENERGY REBATE STATUS!**

DLC 5.1 may now be required in your region for eligibility with many rebate programs. Some utilities are offering extensions. [Use our Rebate Finder tool](#) to estimate possible available rebates our products can provide, with updates in the tool occurring frequently in step with utility requirements.

**Pre-Launch Alert! – Running Man  
Emergency Signage**

Fulham is aware that the absence of a running man sign in our EM offering has occasionally left a gap considering us as a complete solution. No more!

The **FHEU20 LED Running Man Sign** is a single or double facing unit with changeable legends for directional selection. Coming very soon! [Click here for details](#)

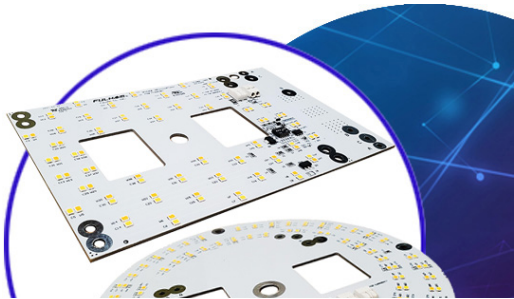

**Reminder: *Programmable* GUV  
SHS15P & SHS4P w/ Display  
LAUNCHED and AVAILABLE!**

A centerpiece of our LFI presence, [these smart ballasts](#) “weaponize” data in the fight for better air, water and surface sanitation by granting direct access to real-time conditions your UV lamps experience. New opportunities for maintenance and performance improvements.

The pandemic isn't over yet, as much as we'd all like it to be). [Place your order today.](#)

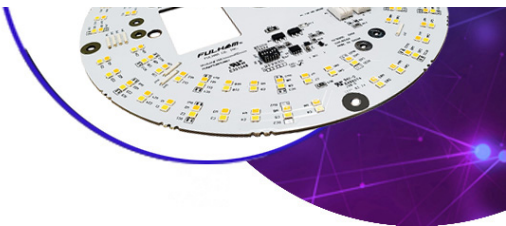

**Launched!: CCT-Selectable DC  
LED Constant Current MODULES  
ON THEIR OWN**

Not only do we have new [VividHorse CCT Selectable DC LED Retrofit Kits](#) that allow users to easily select from six color temperatures (2700,

3000, 3500, 4000, 4500, 5000K), but also just the modules can be ordered now, too!

Navigate to [“LED DC Constant Current Modules”](#) in the spec sheets area for more

**Reminder: EliteControl IoT Gateway**

Fulham's [EliteControl IoT Bluetooth Gateway \(CTGATBPOE\)](#) extends your mesh network with internet access. It allows data collection from Bluetooth mesh lighting networks and transmission to the cloud for review and control. [Brochure](#) | [Spec Sheet](#)

Bluetooth is a registered trademark of Bluetooth SIG, Inc.

**IN STOCK: FireHorse 25W MicroInverters for ALL Tech Types – Do More With Less!**

Our new [FireHorse 25 Watt Micro-Inverter / Emergency Power Supply](#) is reason to get excited! It works with any technology type (i.e. not just LED) for either one or a series of fixtures up to 150W in normal operation to deliver power in emergency mode at 25W for 90 minutes. Factory or field installable. Reduces SKUs when used with multiple fixtures, such as recessed cans. [Visit the product page here](#) or watch an [overview comparison video on YouTube here](#).

**Reminder:**

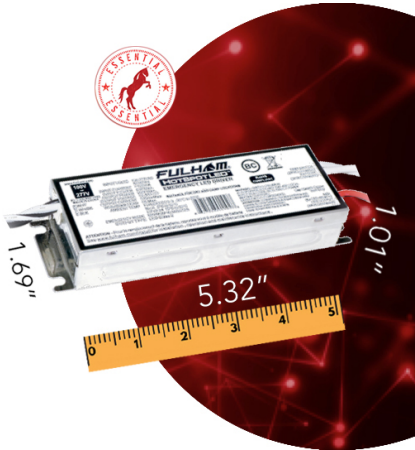

## Expansion of the SunHorse Germicidal UV Ballast Line

We're proud to have expanded our SunHorse series of Germicidal UV ballasts – for health & safety luminaire applications – by adding [4 new or upgraded models - Click Here](#).

Please review these carefully, as some specs and dimensions may have changed compared with the prior item under the same part number.

## Reminder: *Smallest* 4W Constant Power EM Driver in the Industry!

[Click here for details](#) about this new Fulham HotSpot in-fixture 4W Emergency Driver with integrated battery, part number [FHSCP-UNV-4W-L](#). Smallest in the industry at just 1.01"x1.69"x5.32"! Recommended applications include troffers, strips, canopies, wall packs, vapor-tight fixtures and more... Anyplace where EM capability would otherwise be impossible, but for the ability to fit this tiny item inside the fixture!

## Reminder: Vizion ECO Series Linears Available

The Vizion ECO Series Linear DC LED Modules truly have substantial improvements compared with the prior iterations.

To review the latest literature and learn about these enhanced items, [click here](#). Contact your Fulham RSM for added details.

**Reminder: New FireHorse Emergency Exit Items are here**

Our new High-Lumen [FHEM17](#) Emergency Fixture is here! 800 Lumens!

We've also recently launched both the [FHEX26 – Slim Wet Location LED Exit Sign](#) and [FHEC34 – Slim Wet Location Combo LED Head Exit Sign](#) with cold weather heater options

**Thank you for your loyalty & friendship.  
Let's continue to make 2022 a banner year!**
