

An Official Summary of Product & Company News from [Fulham!](#)

Greetings and thank you for taking a moment to catch up on Fulham's most notable company and product news of the quarter, plus a look to the future!

First the Fun... Highlighted "Video of the Quarter"

Our chosen video* was selected based on the 2026 Zodiac sign that coincides with Fulham's emphasis on Emergency Lighting Solutions. [Click here for some historical significance of the Year of the FireHorse](#) explained!

Consider submitting an *original* video for use in future Illuminations. Email [updates@fulham.com!](mailto:updates@fulham.com)

*Fulham is neither associated with, nor does it endorse, the owner of this video.

Nualight Acquired!

Our most significant recent news was the acquisition of [NUALIGHT](#), a leading manufacturer of refrigeration case and

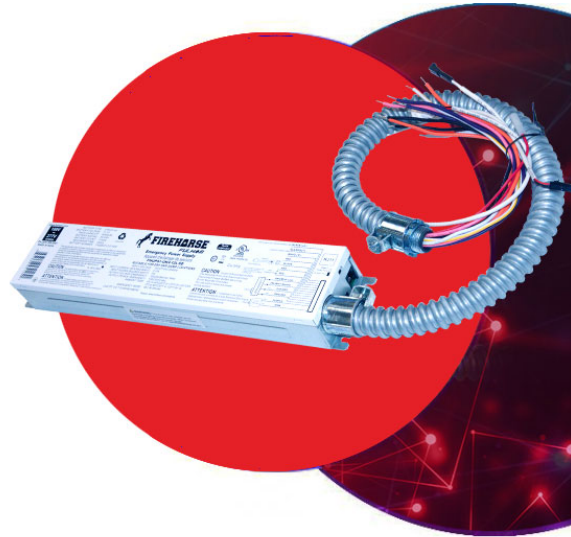

dry shelf lighting, mainly for OEMs throughout Europe and the US.

[NUALIGHT](#) products can be found at nearly every major grocery retailer across the US. We look forward to the synergies that will help expand Fulham's refrigeration lighting business.

Launched! 12 Watt Microinverter

Our latest FireHorse 12 Watt microinverter can be used with 0-10V dimming fixture(s) up to 100W in normal operation (but operating dimmed with 12W in Emergency mode) or with TRIAC dimming fixture(s) up to 18W. In stock now!

[Click here for more information about this and our entire microinverter family!](#)

UPCOMING EVENTS:

We look forward to planning some of 2026's activities with our [nationwide distribution sales rep network](#) at the [NEMRA show](#) in February in Orlando.

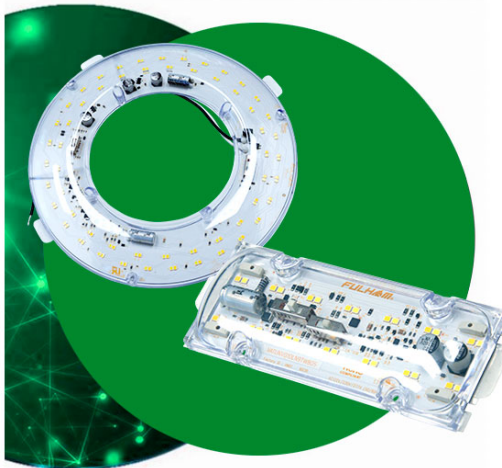

And mark your calendars to visit Fulham at [LEDucation on April 14th and 15th](#) in New York!

Reminder! Competitively Priced Constant Voltage

Cold Temp & Cove Lighting Drivers!

Our 12V & 24V constant voltage LED drivers, marketed under the IceHorse (refrigeration) / EdgeHorse (cove lighting) brands, have relatively small form factors to tuck into areas where some others may not be able to physically fit. In stock and available! [Click here for details](#)

Coming Soon! New & Improved DirectAC LED Engines

Early 2026 will mark the introduction of a new line of DirectAC LED engines to replace some current models. Power and CCT Selectability.

[Bookmark this page, and revisit soon for more details.](#)

Never forget Fulham's mainstay fluorescent ballasts!

Although we see fluorescent *lamps* being phased out in various areas of the U.S., replacement ballasts are still necessary for servicing existing ones in the field.

We encourage adoption of our [LED Drivers](#), but if fluorescent is what you need, we may be your answer! [Click Here for our entire fluorescent ballast portfolio.](#)

Reminder: EliteControl IoT Gateway

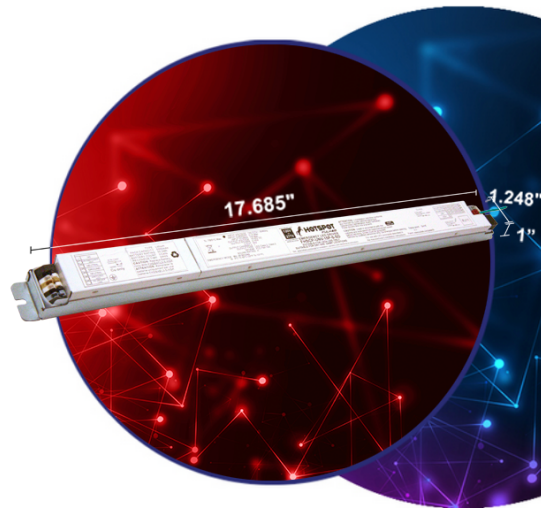

Fulham's [EliteControl IoT Bluetooth® Gateway \(CTGATBPOE\)](#) extends your mesh network with internet access. It allows data collection from Bluetooth mesh lighting networks and transmission to the cloud for review and control. [Brochure](#) | [Spec Sheet](#)

Bluetooth is a registered trademark of Bluetooth SIG, Inc.

Reminder: 15W Stick Programmable EM LED Driver LAUNCHED!

We are pleased to now bring you an additional programmable stick form Constant Power Emergency LED Driver with connectors, for In-Fixture Use. The [FHSCP-UNV-15P-S-SD](#) is perfect for troffer, strip and vaportight fixtures.

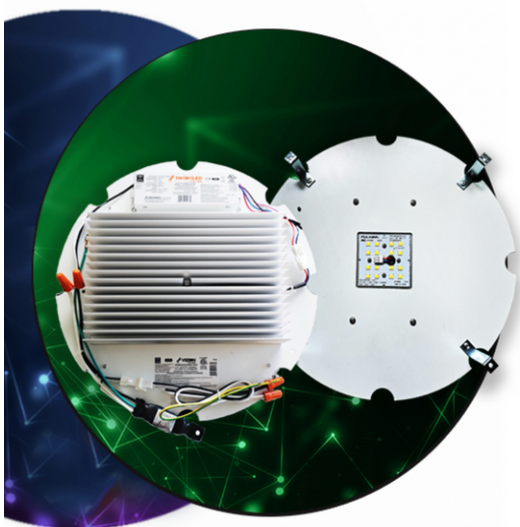

[Click here for added details today!](#)

Reminder: 14" Round LED Retrofit Kit for Garage & Gas Station Canopies

Our new round Vizion UNV LED retrofit kit is an ideal replacement for applications using 70-250W HID, such as parking garage fixtures and gas station canopy fixtures.

[More details are available here now!](#)

Reminder: WorkHorse

Constant Current (WHCC) Class 2 Programmable IP66 Drivers *Launched!*

We've released two new [outdoor WorkHorse WHCC drivers](#). IP66, Type HL for dry and damp locations. 0-10V Dimming from 100%-10%. Output Voltage Range: 28-56VDC. Small for their performance (5.71" x 2.6" x 1.44")! Output current ranges of 350-2100 and 350-2670mA, respectively. [Full details & spec sheets here](#)

IN STOCK! [LED Panel & Troffer Retrofit Frame Kits](#) Installable From Below, 90 CRI!

We are excited to offer VividHorse CCT-selectable (3500-5000K) retrofit kits for 2x2, 1x4 and 2x4 panels and troffers! Ours boast an impressive **90CRI** and are completely **installable from below, without opening the ceiling**. This makes them not only quick to install, but also far more safe and convenient by avoiding any harmful older building materials in the ceiling that may also need to be disposed of properly if discovered. [Click here for info](#)

Smallest 4W Constant Power EM Driver! [Watch the Video!](#)

[Click here for details](#) about this mini Fulham HotSpot in-fixture 4W Emergency Driver with integrated battery, part number [FHSCP-UNV-4W-L](#). Smallest in the industry at just 1.01"x1.69"x5.32"! Recommended applications include troffers, strips, canopies, wall packs, vapor-tight fixtures and anyplace where adding EM capability requires the ability to fit a tiny item inside the fixture!
