

FOR IMMEDIATE RELEASE

Fulham Appoints Industry Expert Antony Corrie President & CEO Bob Howard-Anderson named advisor to the lighting supplier's Board of Directors

HAWTHORNE, Calif. – March 20, 2019 – Fulham Co., Inc., a leading supplier of lighting components and electronics for commercial and specialty applications, has announced the appointment of Antony Corrie as President and CEO. Current President and CEO Bob Howard-Anderson was named an advisor to the company's Board of Directors.

“The lighting market continues to be incredibly dynamic with significant opportunities and adding a leader with multi-decade experience in the industry is invaluable to Fulham,” said Howard-Anderson. “Antony is a proven leader who can direct Fulham successfully through its next phase of life.”

Prior to joining Fulham, Corrie was President, Worldwide Sales for Harvard Technology, a supplier of energy efficient connected lighting solutions. He joined Harvard in 2012 after more than 18 years with Future Electronics, including time with its European subsidiary FAI Electronics. Corrie has a bachelor's degree in Electrical and Electronic Engineering from The Manchester Metropolitan University.

“Fulham has an incredible customer set, team and history,” said Corrie. “The company is a leader in the fast-growing Exit Emergency market, has an exciting portfolio of award-winning products beginning to ship, and I believe will continue to enhance and grow its market position. Now in its 25th year, I look forward to leading the company's next phase.”

Howard-Anderson, who joined Fulham in 2013, has driven the company's transition from providing primarily Fluorescent, Induction and other legacy technologies to providing an industry-leading portfolio of innovative LED Drivers, Exit/Emergency, and Light Engine products and technologies, which now makeup the majority of Fulham's sales. New processes he implemented aid in shortening time-to-market, R&D efficiency as well as expanded the company's presence in Europe and the Exit/Emergency and emerging Lighting Control markets.
